Paul J. Bosler

The Examiner has required the Applicant to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. The Examiner has identified the following two species: Species A (Figures 1-3) and Species B (Figures 4-5).

Applicant hereby elects to prosecute Species B (Figures 4-5) at this time. Applicant respectfully submits that all of Claims 1-29 are readable on Species B, as all of Claims 1-29 require at least one distributed electronic control unit (the inclusion of which is the main distinction between Species A and Species B). As such, Applicant respectfully submits that all claims should be entitled to consideration at this time.

Respectfully submitted,
